QUALITY SINCE 1989

LUGANA VIGNETO LA CONCHIGLIA DOC 2022 AZIENDA AGRICOLA CITARI

Founded in 1975 by Francesco Gettuli, Citari has grown over time thanks to the love and passion passed on from founder to daughter. Giovanna continues to manage the estate, alongside her husband and children.

“Years ago, when we were working in one of our vineyards, some fossil shells – embedded in stones and rocks - came to light: a characteristic that we decided to recall in the name of this Lugana (“conchiglia” = “shell”), a wine that is “historic” for us because it was the first that we produced.”

Grape: 100% Turbiana di Lugana

Vineyard & Vinification Note:

The Citari vineyards cover 25 hectares of gentle, south-facing glacial slopes. The mild climate and the terroir of Lake Garda create the most favourable microclimate for the perfect, traditional maturation of the grapes. The limited size of the vineyards, the harvesting entirely by hand, the careful selection of the bunches and the most modern cellar techniques all combine to enhance the peculiar characteristics of these wines, especially their structure and intense, fruity aromas. **Soil:** Moraine with calcareous clay, rich in mineral salts and in fossils. **Vines per hectare:** 5800 n/ha. **Harvest:** end of September – early October. Manually picked from 25- 30 years old vines into boxes, several rounds. **Vinification** in stainless steel. **Ageing:** In steel for seven months of which about six on fine lees

Decanter Magazine: Grapefruit pith and light honey aromas, very steely and direct. This is weighty with viscous intensity, an easy-drinking summer wine. Ripe and vibrant on the finish. **Drink 2024-2027. Highly recommended, 90 Points, April 2024**

Food Pairing: Tasting appetiser, it pairs beautifully fine and delicate dishes such as Oysters and fish. It also goes well with antipasti and fresh cheeses.
